About the LCA-DFW

The Liberian Community Association of Dallas Fort Worth (LCA-DFW) was founded over 30 years ago by its first president, David Peters, along with Henry Harmon, James Bass and a handful of other hardworking Liberians primarily to provide support for Liberian students studying in the area.

At Liberian Community Association DFW we pride ourselves in the daily contribution to individual and Liberian community wellbeing. We believe that by sharing common values we can increase the opportunity of each Liberian in the community.

The mission of LCA-DFW is to help residents and resettled Liberians gain access to crossed-cultural activities, educational and socioeconomic development awareness programs in the Dallas Fort Worth area. Furthermore, the Liberian Organization intends to promote unity and peaceful coexistence; cultivate an environment for volunteer services and charity.

Our Community Center Initiative

Liberians in the Dallas/Fort Worth over the decades have always found ways to come together in social settings. The church was one source of gathering and remains so to date. Having a familiar and common place where weddings, birthdays, and other related parties was always a need. There have been some popular facilities but never one with all amenities that was perfectly suitable, that Liberians in the community could call our own.

The LCA-DFW's goal is to obtain such a facility. The LCA Building Committee is a task force that will represent the Association and its members, including all individuals that are related directly and indirectly to the Liberian Community. We will look to our membership for financial support, including donations from outside sources and more importantly, help from the Respective City that is ideal for the LCA-DFW Association and embraces the support of us obtaining a community center.

THE LCA COMMUNITY CENTER WILL SERVE AS A VENUE TO PROMOTE THE SUPPORT SYSTEM FOR OUR YOUTH, ELDERNS AND CHILDREN INCLUDING SMALL BUSINESSES AND ULTIMATELY, ALL LIBERIAN-AMERICANS IN OUR COMMUNITY.
